RECTOR PHAKULA

ASPIRING SOFTWARE DEVELOPER/ DATA ADMINSTRATOR

PROFILE

As a third-year student pursuing a diploma in Information Technology, I am eager to apply my skills and knowledge in a practical environment. Throughout my studies, I have built a solid foundation in programming languages such as C#, JavaScript, HTML/CSS, and Python. I have also gained experience in various software development methodologies. My coursework and personal projects have honed my abilities in web development, database management, and programming. For example, I recently completed a project where I utilized Power BI to create reports, which enhanced my critical thinking skills and deepened my understanding of the software development lifecycle. My background aligns well with the objectives of any organization.

PROFFESIONAL EXPERIENCE

CODSOFT	1 MARCH 2025 - 31 MARCH 2025
Data science Internship	
<ul style="list-style-type: none">Supported staff members in their daily tasks, reducing workload burden and allowing for increased focus on higher priority assignments.Gained valuable experience working within a specific industry, applying learned concepts directly into relevant work situations.Analysed problems and collaborated with teams to develop solutions.Contributed to a positive team environment by collaborating with fellow interns on group projects and presentations.Gained direct experience in various software programs, increasing proficiency and expanding technical skill set.
