# Rector Nhlanhla Phakula

## ENTHUSIASTIC ASPIRING SOFTWARE DEVELOPER & DATABASE ADMINISTRATOR

I am enthusiastic about the opportunity to contribute to a company while further developing my skills in a collaborative setting. I am an adaptive learner, a collaborator, and enthusiastic about software development. I am confident that I can offer a fresh perspective and make a positive contribution to the team.

---

**Additional experience**

My Portfolio: **https://github.com/Rector24/My-portfolio**

Microsoft Power BI: can create dashboards, reports, and visualizations and can also connect to data sources, analyse data, and share insights.

Reference: Naledi Msiya (email: msiya.n@belgiumcampus.ac.za)

SQL server management: access, configure, manage, and develop components of SQL Server, Azure SQL Database, Azure SQL Managed Instance, SQL Server on Azure VM

Reference: Naledi Msiya (email: msiya.n@belgiumcampus.ac.za)

---

**Additional Information:**

Driving License: C1/Code 10

Hobbies: Driving , Music Production, Soccer, Reading, Learning Multiple/different Coding Languages, trading financial markets

**ABOUT ME**

As a third-year student pursuing a diploma in Information Technology, I am eager to apply my skills and knowledge in a practical environment.

Throughout my studies, I have built a solid foundation in programming languages such as C#, JavaScript, HTML/CSS, and Python. I have also gained experience in various software development methodologies. My coursework and personal projects have honed my abilities in web development, database management, and programming. For example, I recently completed a project where I utilized Power BI to create reports, which enhanced my critical thinking skills and deepened my understanding of the software development lifecycle. My background aligns well with the objectives of any organization.

**CONTACT**

- RectorPhakula24@gmail.com
- 066 196 1343

**EDUCATION**

Diploma In Information Technology
- Belgium Campus ITversity

High School
- National Senior Certificate at Sir john Adamson High (2021)

**SKILLS**

- Web Design, HTML/CSS, PowerShell, Node-RED, SQL Server Management, Project Libre, Microsoft Azure, WordPress, java script , C#, Network setting up (WLAN,LAN,ipconfig),python, Visual studio/ Visual studio code and Power bi desktop, cisco

packet tracer, scratch 3, PyCharm and MongoDB

Personality Traits: multitask, Efficient Under Pressure, Smart Worker, team player.

Conclusion: I believe in working smarter, not harder, and am enthusiastic about contributing my skills and passion for IT to dynamic projects. Open to opportunities that allow me to apply my knowledge in Database, Web and Programming, software development, Trading the financial markets and many more

## Certificate of Course Completion

### Rector Phakula

*has successfully achieved student level credential for completing the* **Network Support and Security** *course.*

*The student was able to proficiently:*

- *Demonstrate effective troubleshooting methodologies and help desk best practices.*
- *Explain common threats, vulnerabilities, and attacks on end points.*
- *Configure secure user access on a network.*

## Certificate of Course Completion

### Rector Phakula

*has successfully achieved student level credential for completing the* **Introduction to Modern AI** *course.*

*The student was able to proficiently:*

- *Explain basic concepts in AI and Machine Learning.*
- *Use photo apps to classify objects, blur the background of a photo, and explain how object detection and image segmentation help to accomplish this.*
- *Use machine translation and explain the nuances and limitations of using AI for language translation.*
- *Explain fundamentals of how large language models work, and how to prompt LLMs to make use of these traits.*
- *Demonstrate use cases of LLM enabled chatbots: idea generation, summarization, rewording, and grading.*
- *Utilize two-way dialogue with chatbots, such as practicing for mock interviews.*
- *Facilitate collaboration between two chatbots to achieve a goal.*
- *Use LLMs with tools (web search, web page scraping).Multimodal prompting with images and text.*
